Mr. Henry R. DeWitt, Clerk,

Dear Sir:

Owing to the emergency caused by a flood in the area of Rondout Creek, Ulster County, late in August, 1928, it was necessary for this department to build temporary bridges, one at Bridge Site No. 1 on the Kingston Ellenville, Part 3, County Highway No. 141, and the other at Bridge Site No. 2 on the Napanoch-Montela County Highway No. 603, which temporary bridges were built pursuant to Sub-division 8, Section 19-A of the Highway Law.

The cost of these structures has been certified to by our District Engineer; the cost of temporary structure on County Highway No. 141, being $4,300.56, and the cost of temporary structure on County Highway No. 603, is $5,663.98.

Under the provisions of the above mentioned section, your County is to participate in the cost of the same to the extent of 35%, making the proportionate share of the County for temporary bridge structure 1 on Highway 141, $1,505.20, and for temporary bridge structure 2 on Highway 603, $1,982.40.

ELECTRIC SERVICE LEAGUE OF KINGSTON, N. Y.
298 Wall Street, Kingston, N. Y.

April 3, 1929.

Board of Supervisors,
County Court House,
285 Wall Street,
Kingston, N. Y.

Gentlemen:

At our meeting of the League which was held Tuesday evening, April 2nd, the matter of completing the Highway 9-W between Newburgh and Kingston was discussed. It is the census of opinion of the entire League that this is a very important necessity which needs prompt attention.

After debating on the subject for some little time, the League adopted the following resolutions:

Whereas, the highway route 9-W on the west side of the Hudson river between Newburgh and Kingston is unsuited to modern automobile requirements and is in very bad condition.

Whereas, the State Department of Highway officials are prepared to advertise for bids for construction as soon as the Ulster County Board of Supervisors obtain the right of way for property required for said new highway.

Whereas, the map of the new route extends from the southern line of Ulster to the northern end of said County; therefore be it

Resolved, that the Board of Supervisors of Ulster County are requested by the Electric Service League of Kingston to cooperate with the State Department of Highways in securing for this section the construction of 9-W as outlined on said map. We are convinced that this improvement is very necessary and fully justified, and that the County should incur the necessary expense and make other further necessary arrangements without delay, as the construction of this portion of the highway 9-W is very necessary for the safety and comfort of the people of the whole County.

Very truly yours,

ELECTRIC SERVICE LEAGUE,
KINGSTON,
M. M. PECK.
Sect'y-Treas.

STATE OF NEW YORK
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

Albany, N. Y., April 9, 1929.

Henry R. DeWitt, Clerk,
of the Board of Supervisors,
Kingston, N. Y.

Dear Sir:

The Governor has signed the gas tax bill. He also signed, yesterday, the Hewitt bill under the terms of which the State pays the entire cost of the construction of County Highways. This law takes effect immediately.

It provides that the State will pay the entire cost of County Highways. It also provides that any resolution already passed by County Boards calling for 35% of the cost of County Highways shall be ineffective unless the contracts for those highways have actually been executed. No such contracts have as yet been executed during 1929 so that any Counties that have appropriated 35% of the cost of such County Highways will not be called upon to pay that 35%. Any resolutions now before Boards of Supervisors calling for the payment of 35% of the cost of County Highways should be altered by striking out that portion of the resolution which provides for the appropriation.

The law in all other respects is left exactly as it has been heretofore. County Boards must pass resolutions approving plans for County Highways, and the plans must be signed by the Clerk of the Board and the County Superintendent.

Although no action has yet been taken, it is believed by this Department that the Governor will veto the bill providing that the State take over the entire cost of construction of bridges on State and County Highways, because the bill carries no appropriation. If he were to sign the bill it would mean that the Department would have only 65% as much money as it has had for the past two or three years for bridge work. Instead of less money we need a great deal more for that purpose. Boards of Supervisors are requested, therefore, to approve plans for and appropriate 35% of the cost of the construction and reconstruction of bridges.

This bill also provides that all resolutions passed by the Counties appropriating money for bridge construction shall immediately become ineffective unless the contracts have actually been executed. If the Governor signs the bill, therefore, any appropriations made will be ineffective and the Counties are taking no chance of losing any money they may appropriate for such work.

As soon as they become available, I will be glad to send each County a copy of the new laws.

Very truly yours,

A. W. BRANDT,
Commissioner.

KINGSTON'S
UPTOWN BUSINESS MEN'S
ASSOCIATION
KINGSTON, N. Y.

The Uptown Business Men's Association presents the following resolutions:

Whereas, the Highway Route north and south on the east side of the Hudson River is now complete; and

Whereas, the automobile highway know as "9-W" is at present in deplorable condition besides being obsolete in type and unsuited to modern automobile requirements; and

Whereas, the State Department of Highways has prepared a map of a new route for this highway extending from the southern line of Ulster County to the northern end of said County. Highway officials have stated that it is prepared to advertise for bids for construction as soon as the Ulster County Board of Supervisors obtains the rights of way for property required for said new highway.

Therefore, Be It Resolved, that the Kingston Uptown Business Men's Association does hereby request the Board of Supervisors of Ulster County to promptly take the necessary steps to cooperate with the State Department of Highways in securing for this section the improved highway on Route "9-W" as outlined in map of proposed highway submitted by the State Department. We believe that this is a vital and necessary

improvement, that its urgency fully justifies the County in incurring the necessary expense, and that any further unnecessary delay will re-act adversely on the business interests, comfort and safety of the entire population of the County.

CENTRAL BUSINESS ASSOCIATION OF THE CITY OF KINGSTON, N. Y.

To the Board of Supervisors of Ulster County:

Whereas, the New York-Albany Route on the east side of the Hudson River is now completely improved; and

Whereas, the New York-Albany Route on the west side of said Hudson River, known as Route 9-W, is obsolete in type of construction, inadequate and unsuited for modern traffic conditions, in a deplorable state of repair and in need of immediate, substantial re-construction; and

Whereas, the State Department of Highways has prepared a survey, plans, specifications and maps of a new route for this highway extending from the southern line of Ulster County to the northern line thereof, and is ready, able and willing to advertise for bids for construction of said highway as soon as the Board of Supervisors of the County of Ulster acquires the necessary right of way over property within said proposed new route; and

Whereas, Public convenience, commercial progress and civic welfare, safety and comfort classify such proposed re-location, re-construction and improvement as a vital necessity the urgency of which will fully justify the expenditure of all necessary monies by the said County of Ulster; and

Whereas, Any further unnecessary delay will seriously and adversely effect the business interests and the convenience and welfare of the entire County;

Now, Therefore, Be It Resolved, that the Central Business Association of the City of Kingston, hereby requests the Board of Supervisors of Ulster County, to take all necessary measures, as speedily as circumstances permit, to co-operate with the State Department of Highways in securing for the County of Ulster, said new improved highway as proposed by the State Department of Highways; and to that end, to do all things necessary and proper in the matter; and be it

Further Resolved, that copies of this resolution be forwarded to the Board of Supervisors of Ulster County, and to the Division Engineer, State Department of Highways, Poughkeepsie, N. Y.

I, Monroe T. Southard, Secretary of the Central Business Association of the City of Kingston, New York, do hereby certify that I have compared the foregoing resolution with the original thereof remaining on record with me, and that the same is a true and correct transcript therefrom of the whole of said original.

At the regular meeting of the Milton-on-Hudson Grange, No. 884, held May 6, 1929, the following resolution was passed:

Resolved, that the new State road pass through Milton east of the present highway according to recent survey.

First: It will be a shorter and straighter route.

Second: It will be a great saving to taxpayers in acquiring the right of way.

Whereas, the west survey will cross Milton Turnpike which will be a very dangerous crossing to and from Milton Village; and

Whereas, the east survey will eliminate a dangerous crossing.

And the upkeep of the present highway will be of less expense to the Town should the new road be laid over the east course.

ROBERT G. GROVES
COUNSELOR AT LAW
Warren Building, 260 Fair Street

Kingston, N. Y., June 25th, 1929.

To the Honorable Board of Supervisors of Ulster County:

Gentlemen:

The assessors of the Town of Shandaken, Ulster County, New York, made an assessment against the property assessed under the name of "Adler F. M. Jewish Home, Big Indian", valuation $9,000.00, which property is known as the Jewish Working Girls Vacation Society property, for the year 1927.

This Society brought an action against the County of Ulster and the Town of Shandaken to vacate said assessment and declare it null and void and the property exempt from taxation, under the provisions of Subdivision 7 of Section 4 of the Tax Law. The firm of Fowler & Connelly represented the Jewish Working Girls Vacation Society and the writer represented the County of Ulster and the Town of Shandaken. This proceeding was brought on for trial before the Honorable Ellis J. Staley, Justice of the Supreme Court, and he has made a determination that the property is exempt from taxation, under Sub-division 7 of Section 4 of the Tax Law. This determination is binding upon the County of Ulster and the Town of Shandaken.

The property was again assessed for the year 1928, having retained its status of the year previous, to-wit: 1927, and was used for the same purposes and under the same corporate ownership in 1928, as in the said year 1927. From this, it would follow that the property would be again entitled to exemption under the decision above set forth.

I would, therefore, recommend that your Honorable Body adopt a resolution cancelling the assessments and the taxes levied thereunder for the years 1927 and 1928.

Annexed hereto and made a part of this report is a copy of the decision and findings of Mr. Justice Staley, all of which is respectfully submitted.

ROBERT G. GROVES, County Attorney.

COUNTY OF ULSTER
OFFICE OF
COUNTY SUPERINTENDENT OF HIGHWAYS
74 John Street, Kingston, N. Y.

June 25, 1929.

Mr. Henry R. DeWitt,
Clerk of the Board of Supervisors,
Court House, Kingston, N. Y.

Dear Hank:

After due advertising in the local newspapers, you received bids from several contractors calling for the construction of a new bridge spanning the Rondout Creek at Montela in the Town of Wawarsing, it having been my purpose to construct a new bridge about fifty feet up stream from the present structure, which was badly damaged by the floods of last August.

In canvassing the bids I find that the cost of the new structure would be quite heavy and as there is some doubt as to just where the Dam will be constructed by the City of New York in the Rondout Valley, I am, therefore, reluctant in having the Board of Supervisors approve of such a large expenditure at this time, for if the proposed Dam is constructed by the City of New York, as proposed down stream from the Montela Bridge location, then the Montela Bridge would be flooded. However, the road which passes over the Montela Bridge is of such importance that I consider it necessary that something be done to care for the local condition, and I would, therefore, recommend that the bids for the construction as called for, be rejected in whole and that the County Superintendent be authorized to proceed with the repairs to the present structure, such repairs to be consistent with the County's interests.

Very truly yours,

J. F. LOUGHRAN,
County Superintendent.

ERROR IN ASSESSMENT.

To Henry R. DeWitt,

Name: Josiah Mansfield. House and lot.
Amount of assessment, $460.00. Amount of Land Tax, $12.16.

Insofar as said assessment applies to real estate tax was an error inasmuch as said property was exempt of real estate taxes on account said Josiah Mansfield is a veteran and entitled to exemption in and above this amount.

Under date of April 29, 1929, your Board of Supervisors adopted a resolution appropriating the sum of $1,982.40, the County's proportionate share of the cost of temporary bridge structures on the Napanoch-Montela County Highway No. 603, said structures being necessary to provide for traffic after the disaster flood in the late summer of 1928. This appropriation was made by your County upon notification to them from this Department that the total cost incurred by the State was $5,663.98. This

accounting, however, did not include an item for $301.00, the County's proportionate share of which 35% or $105.35. I am therefore enclosing a supplementary resolution providing for the additional appropriation by your County of $105.35 toward the cost of this temporary bridge structure. Will you kindly submit this resolution at the first meeting of your Board of Supervisors, and if adopted, return a certified copy of the same to this office as promptly as possible? Section 19-a of the Highway Law makes it mandatory upon the County to bear 35% of the cost of emergency repair work or temporary structures where the bridge has been heretofore condemned or taken over by the State.

THE STATE CHARITIES AID ASSOCIATION
CHILDREN'S COMMITTEE FOR ULSTER COUNTY
74 JOHN STREET, KINGSTON, N. Y.

November 19, 1929.

To the Board of Supervisors of Ulster County:

Reports of the treasurer and agent of the Ulster County Committee for the year ended September 30th, 1929, are submitted herewith.

The growth of the work in the year past is well illustrated by the following extracts from the annual report.

The agent has collected from the parents of boarding children the sum of $2,217.13, which sum has been returned to the Poor Fund.

There have been discharged fifty, and fifty-three new children have been placed in the care of the Committee.

The agent has appeared in the Children's Court in behalf of sixty-five families, involving one hundred twenty-one children.

State Troopers, Police and other public officials have brought to the attention of the agent one hundred twenty-three cases.

Doctors, nurses, schools, churches and other agencies have used the service freely.

The appropriation of the Board of 1929 was $3,500.00. To adequately meet the growing needs and render a service that is efficient and in keeping with its requirements, the Committee respectfully requests that the appropriation be increased to $4,000 for 1930.

Yours very truly.

ULSTER COUNTY COMMITTEE OF THE
STATE CHARITIES AID ASSOCIATION.

STATE OF NEW YORK
DEPARTMENT OF AGRICULTURE AND MARKETS
ALBANY

November 22, 1929.

Hon. Frederick Davis,
Stone Ridge, N. Y.

Dear Sir:

The time will soon arrive when the Chairman of the Bovine Tuberculosis Committee of your County will present to your Honorable Board a budget to cover expenses in connection with the carrying on of the Bovine Tuberculosis eradication work during the coming year.

As in former years, splendid progress has been made during the past year in the testing and re-testing of herds under the Township area plan. On November 1, all cattle had been tuberculin tested one or more times, or testing was under way, in 648 Townships out of 932 in the State, or 69% of the total. Of these Townships, 175 are in the modified accredited status, 381 are in the twice-tested class and 92 in the once-tested class. In New York State there are approximately 158,000 farms, carrying cattle to the estimated number of more than two million head. On November 1, 110,561 herds, representing 1,093,420 passed cattle, were operating under the accredited herd plan—approximately two-thirds of the total. Of these herds, 73,439, representing 711,198 head of cattle, were classified as fully accredited.

The infection in New York State from 1918 to the present time has been reduced from approximately 30 per cent to about 10 per cent. This was the result of the removal of 417,192 tuberculosis animals during that period.

The Legislature will soon convene, and, among other things, will give consideration to the appropriating of funds to make possible the free retesting of fully accredited herds by Accredited Veterinarians. The unparalleled progress that has been made in New York State in the control and eradication of Bovine Tuberculosis has been due to the splendid cooperation on the part of County Boards of Supervisors who have wisely appropriated funds to cooperate with State Department of Agriculture and Markets and the United States Department of Agriculture in the control and eradication of tuberculosis, and also to the cooperation of the members of the various County Tuberculosis Committees. The Tuberculosis Committee of your County and the officials of this department are

highly interested in having your County classified as accredited and you are asked to participate in this important work by favoring the budget as submitted by the Tuberculosis Committee.

The free retesting of accredited herds will in no way interfere with the activities of Boards of Supervisors now participating in tuberculosis eradication or with the activities of the various County Bovine Tuberculosis Committees. In fact, the free retesting of accredited herds will stimulate initial testing and the retesting of herds and eventually place all herds on the accredited list.

I take pleasure in sending to you under separate cover a copy of Bulletin 218 "Bovine Tuberculosis, Its History, Control and Eradaction," also copies of Circulars 380 "Help Eradicate Tuberculosis" and 379 "Opinions of Recognized Authorities on Bovine Tuberculosis." In connection with Circular 380 attention is called to information on pages 25 and 26 and to maps on pages 30 and 31.

Assuring you of the full support of this department in making your County a modified accredited one at the earliest possible date, and thanking you for your splendid cooperation in the past, I am,

Very truly yours,

BUREAU OF ANIMAL INDUSTRY.
E. T. FAULDER, Director.

ITALIAN-AMERICAN POLITICAL CLUB
TOWN OF MARLBOROUGH, N. Y.

November 23rd, 1929.

Hon. Henry R. DeWitt,
Clerk of Board of Supervisors,
of Ulster County,
Kingston, N. Y.

Dear Sir:

Enclosed herewith please find a true copy of a resolution unanimously adopted by the Italian American Political Club of the Town of Marlborough on the 27th day of September, 1929.

This is forwarded to you by me as Secretary of said Club in accordance with the direction contained in said resolution.

Very truly yours,

JOSEPH TREARICHI,
Secretary of Italian American
Political Club.

RESOLVED, that the Italian American Political Club of the Town of Marlborough, which consists of one hundred and thirty-eight members and their families, favors that the new State Highway at the Village of Milton. Ulster County, New York, be located on the original route as mapped out on the westerly side of said village by the State Highway Commission, for the following reasons:

1st. That it calls for a straight road unobstruced in view by hills or houses for the distance of over two miles.

2nd. That because of the levelness of the land, the bridges to build and the dwellings that will have to be condemned, it will cost one-half less than the latter route proposed on the east side of the Village.

3rd. That we are opposed to the fillings that will have to be made across the roads leading to the dock and West Shore Railroad Station, one of three feet and one of ten feet in the Village of Milton.

4th. That the proposed eastern route will have several curves and will leave many unsightly strips of land along said route and destroy many beautiful trees.

5th. Mainly and lastly that because of the nearness of houses along said proposed eastern route it will endanger the lives of our children when going to and from school in said Village.

FURTHER RESOLVED, that the secretary of this Club be directed to forward to the Clerk of the Board of Supervisors of the County of Ulster, a true copy of this resolution with our earnest petition that the said Honorable Body act in accordance with our wishes as to location of said State highway herein expressed.

A true copy.

JOSEPH TREARICHI,
Secretary of Italian American
Political Club.

Mr. Henry R. DeWitt,

Dear Sir:

On the 25th day of June, 1929, the Board of Supervisors did approve the County Road System which I laid out in compliance with the Law.

Since then it has been necessary for certain changes to be made to comply with the desires of the State Department of Public Works and I have today received from the State Commissioner of Highways, through his District Engineer, a government map upon which has been indicated the County Road System covering the desires of the Superintendent of Public Works and approved by me.

Will you, therefore, please present to the Board of Supervisors a supplemental resolution approving the map as now submitted.

ULSTER COUNTY TREASURER'S OFFICE

Kingston, N. Y., Dec. 5th, 1929.

Henry R. DeWitt, Clerk,
Board of Supervisors,
Kingston, N. Y.

Dear Sir:

At the County Tax Sale held a year ago last September, it was necessary for the County to bid in twenty-one parcels, on which the total amount due was $2,244.22. Your Honorable Board authorized the County Treasurer to pay this amount out of general interest funds on hand. As various parcels so bought by the County were redeemed during the year, the amounts received were credited to interest account so that at the present time all but $240.19 of the $2,244.22 has been paid back with interest at 10% and there are only ten parcels unredeemed from those bought by the County at the 1928 sale. The State has the privilege of purchasing any or all of these parcels and any that they do not want can be sold at public auction by the County.

At the Tax Sale held by the County Treasurer on November 14th, 1929, the County was obliged to bid in only twenty-three parcels out of 439 parcels put up for sale. The amount due the various Towns on these twenty-three parcels is $4,835.40 and we would request that your Honorable Board authorize the County Treasurer to pay the various Towns the respective amounts due them out of General interest funds on hand, the same as was done a year ago. Nitro Powder Co. in Esopus and Lynch Bros. brickyard in Ulster make up $4,253.24 of the $4,835.40, and as both of these properties are mortgaged, the County will no doubt be paid before the year is up with interest at 10%.

Very truly yours,

HERBERT E. THOMAS,
County Treasurer.

To the Honorable Henry R. DeWitt,
Clerk of the Board of Supervisors,
of Ulster County, Kingston, N. Y.

Dear Sir:

By resolution of the Loggia Christoforo Columbo, No. 1341, of Highland, N. Y., I am sending to your Honorable Body the following communication.

Very truly yours,

CARMELO MORCHETTO,
Secretary.

At a meeting of the Loggia Christoforo Columbo, No. 1341, held at their Lodge Rooms, on the 6th day of December, 1929, the following resolutions were unanimously adopted:

Resolved, that considering the prospective safety and welfare of the citizens of the Villages along the proposed three track State Road running along the west side of the Hudson River from the State line on the south to Albany on the north, and in view of the interstate traffic which will without doubt increase as the years go by, we respectfully request that the Board of Supervisors of Ulster County favor such alignment of said road as will afford as much protection as possible and enable said traffic to proceed without the necessity of being slowed up as must be done when the highways pass through Villages.

Further Resolved, that the Secretary of this Club be directed to forward to the Clerk of the Board of Supervisors of Ulster County a copy of this resolution.

CARMELO MORCHETTO,
Secretary.

ULSTER COUNTY TREASURER'S OFFICE

Kingston, N. Y., Dec. 9th, 1929.

Henry R. DeWitt, Clerk,
Board of Supervisors,
Kingston, N. Y.

Dear Sir:

The County Treasurer would respectfully request that your Honorable Body appropriate the sum of $75,000.00 for the General Fund for

the coming year in order that there may be funds on hand to meet appropriations that are made from time to time out of funds not otherwise appropriated.

Due to unusually large expenditures for bridges and for other purposes, we have already been obliged to borrow over a quarter of a million of dollars in anticipation of the present tax levy and unless such a sum as above requested is provided, we will be obliged to soon borrow further large sums.

Very truly yours,

HERBERT E. THOMAS,
County Treasurer.

CENTRAL HUDSON GAS & ELECTRIC CORPORATION.
NEW PALTZ, NEW YORK

December 9th, 1929.

Mr. Henry R. DeWitt,
Clerk of the Board of Supervisors,
County of Ulster, Kingston, N. Y.

Dear Sir:

The Central Hudson Gas & Electric Corporation hereby requests right-of-way to extend their lines to reach six (6) consumers located south of the Ulster County Poor Farm. In order to construct this line, it will be necessary to have permission from the County Authorities to place approximately seven (7) poles on the east side of the Libertyville Highway, from the last pole belonging to the Central Hudson Gas & Electric Corporation on the present extension which is in front of the Ulster County Poor Farm to the end of the County Farm property.

It is desirable that wires have a four foot clearance from any trees. Therefore, the Corporation requests trimming rights to obtain this clearance. The tree trimming will be performed with the utmost caution and no trimming will be done which will in any way harm the trees.

The necessary guys and anchor rods will be placed on fence lines so that they will not form an obstacle in cultivating the field.

The consumers requesting service are quite anxious that this line be built. Consequently the Corporation feels that it must do everything within its power to extend their lines and it will be greatly obliged if the County Officials will grant the necessary right-of-way.

Yours very truly,

CENTRAL HUDSON GAS & ELECTRIC CORPORATION.

Under the provisions of Section 19-A of the Highway Law, as amended, it is mandatory upon the county to appropriate its proportionate share of the cost of these repairs, namely, 35% or $119.17.

In accordance with said section, I am enclosing herewith in duplicate, forms of a resolution for the appropriation of this amount by your County as its proportionate share of the cost of such repairs. REPORT OF COMMITTEE ON TUBERCULOSIS HOSPITAL.

To the Board of Supervisors of the County of Ulster:

Your Committee on Tuberculosis Hospital begs leave to submit the following report:

We have examined and tabulated the several bids submitted by various contractors for the construction of the Tuberculosis Hospital, in accordance with the plans and specifications prepared by Teller & Halverson, architects, and have examined with care the plans and specifications which were presented for bids. The bids range from $184,980.00 to $231,700.00 for the general contract; $37,537.00 to $47,575.00 for the heating, roofing and metal work, and $22,688.00 to $39,797.00 for the plumbing work. The total amount of the low bids for all classes of work called for in said bids was $245,205.00.

A close examination and analysis of the specifications for the proposed hospital leads us to believe that with some modification of the specifications a considerable amount of money can be saved to the County. The general plan of the hospital, as prepared by the architects, seems to meet with the approval of the Medical Society of the County of Ulster, who have been consulted with reference to the matter, and the only changes which we believe would be necessary would be changes in some of the specifications which would not detract from the usefulness of the hospital, but would save to the County of Ulster and its taxpayers a considerable amount of money. Members of your Committee have discussed

with several members of the Medical Association of Ulster County, the proposition of changing the specifications. We have ascertained from the architects that these changes can be made within a month or six weeks, so that a re-advertisement could be had, we believe, not later than the 15th of January. This would not reduce to any considerable extent the time within which the construction of the hospital can be commenced, and we believe would result in a saving to the County between Thirty and Fifty Thousand Dollars, at least. We therefore recommend that the specifications be sent back to the architects with instructions to immediately and forthwith consult with the Committee of the Ulster County Medical Society and the Committee of this Board in relation to a modification of these specifications, and that the specifications as modified be sent back to the Board with the utmost speed, so that a re-advertisement may be immediately had.

If this is done there can be no question but that construction of a hospital can be started early in the spring of 1930, and we believe that the Board of Supervisors is pledged to the construction of a hospital, and one which will meet the needs of the County of Ulster. We also believe that by remodeling the specifications, a considerable saving will be had to the County without delaying construction of the hospital.

We have submitted our ideas to the representatives of the Ulster County Medical Society, and they are not adverse to the plan which we propose. We have given them the assurance that it is our idea that the Board of Supervisors is in full accord with their ideas of constructing a hospital and in accord with the idea that construction be commenced early in 1930.

We therefore recommend as follows:

First. That all of the bids thus far received be rejected and the certified checks returned to the bidders.

Second. That the architects proceed immediately and forthwith to modify the specifications, after consultation and conference with the representatives of the Ulster County Medical Society, and the committee of this Board.

Third. That the specifications, together with the plans be reported back to the Board of Supervisors at as early a date as possible and we recommend and suggest to the architects that this be done not later than January 15th.

We further recommend that the architects be required to furnish plans to such contractors as shall apply, upon the deposit with the architects of a sum not exceeding $25.00, and that such deposit be returned to the bidder or contractor in full upon a return of the plans.

Dated this 2nd day of December, 1929.

Respectfully submitted,

EDWARD YOUNG,
WRIGHT J. SMITH,
WM. E. AVERY,
JOHN D. RIPPERT,
WILLIAM J. SMITH,
Committee.

Superintendent of Poor.

Kingston, N. Y., November 27th, 1929.

OFFICE OF THE BOARD OF ELECTIONS OF ULSTER COUNTY.

Kingston, N. Y., January 18th, 1929.

To:

The Secretary of State,
Board of Supervisors of Ulster County.

Gentlemen:

In accordance with the provisions of Section 34 of the Election Law of the State of New York, the Board of Elections for the County of Ulster respectfully submits its report for the year 1928.

The work of your Board did not decrease during the year 1928, the number of absentee voters applications continued large, the registration and enrollment showed appreciable increases, these, together with new legislative enactments kept your Board thoroughly engaged during the rush period.

The first work of the year was the completion of the enrollment for the year 1927-1928. This work was finished during the early part of the year, the tabulated result being the same as that set forth in our last annual report. The publication of the enrollment, which is compiled by election districts was distributed to the various county committees, and to those applying for copies of the same. A certified copy of the enrollment was transmitted to the Secretary of State, and one such copy also delivered to the chairman of the proper county committee of each party. Certified copies of said enrollment were also transmitted to the chairman of the State Commmittee of each party maintaining a permanent headquarters as provided by the Election Law.

SPRING PRIMARY.

The year 1928 being one in which electors of president and vice-president of the United States were elected, an additional primary election known as the Spring Primary was conducted by your Board on April 3rd, 1928, pursuant to the provisions of the Election Law. Petitions filed were duly examined by us, and notice of primary election and list of polling places published by this Board. Official and Sample Ballots in sufficient numbers to supply each election district in the county were prepared, and all other miscellaneous supplies for the carrying on of this primary election were purchased and distributed to the various districts throughout the county for the use of voters and election officials at said primary.

The result of this primary election as canvassed by this Board showed a total vote cast thereat of 1156, of which the Democratic party cast 488 and the Republican party cast 668.

A complete report of the canvass of this primary election as required by the Election Law was duly filed with the Secretary of State.

The total expense of your Board in the conduct of this spring primary was $2,024.80.

CENTRAL REGISTRATION.

By Chapter 815 of the Laws of 1928, a new section 153a, and known as Central Registration, was added to the Election Law.

The amendment, somewhat of a companion measure to the law permitting absentee voting, enables any voter who resides in an election district in which registration is required to be personal, and who may be unavoidably absent from the county of his or her residence during all the hours fixed for the registration of voters because his or her duties, business or occupation require him or her to be elsewhere in the United States, to apply in person at the office of the Board of Elections for registration by the central registration board on certain days within the period beginning July 1st and ending on September 20th next preceeding each general election.

Your Board performed all the necessary detail work to put into effect in this county the provisions of this new law, and attended to the same during the aforesaid period.

It can readily be seen that the foregoing statute considerably increased the work of your Board, but considering the additional convenience to the voters, your Board gracefully accepted the same.

The total number of voters personally registered by your Board for the year 1928 was 99.

FALL PRIMARY.

The Fall Primary Election was held in Ulster County on the 18th day of September, 1928, and your Board pursuant to the provisions of the Election Law prepared for and conducted this primary election by publishing due notice thereof, together with list of polling places. Petitions for places upon the official primary ballot were received and examined by your Board, and notices forthwith mailed to all persons designated for nomination for public office.

Your Board also prepared and purchased official and sample ballots in sufficient numbers for all districts throughout the county, together with other miscellaneous supplies, and these were duly delivered to the various Town Clerks throughout the county.

The returns of the fall primary were canvassed by this Board, and showed a total vote of 1515, of which the Democratic Party cast 533, and

the Republican Party 982. A complete return of this canvass was duly filed in the office of the Secretary of State.

The cost of the fall primary election through this office amounted to $1,897.01.

REGISTRATION OF VOTERS.

The City of Kingston is the only locality within our county wherein personal registration is required at this time, and pursuant to statute registration was held in all districts of said City on October 12, 13, 19 and 20, 1928. Non-personal registration which comprises all the remaining districts was held on October 13 and 20, 1928.

All necessary equipment and supplies for said registration were procured by your Board and caused to be distributed to the various polling places prior to the first day of registration.

The total registration for the year 1928 as compiled by your Board showed a total of 50,503 of which 35,224 was non-personal and 15,279 was personal. The above showed a total increase of 2,711 over that of the preceeding year.

Your Board in the preparation and conducting of said registration expended the sum of $191.77.

ABSENTEE VOTERS.

The number of absentee voters applications continues to increase yearly, and are distributed quite generally throughout the county.

Your Board prepared the necessary application blanks, and these were distributed to the organizations and to all applying for the same, so as to afford full opportunity to those desiring to vote by mail.

This additional privilege of voting, which is being taken advantage of by the voters in increased numbers from year to year, and coming at our busy season, has taxed the capacity of our office. However, with the employment of temporary additional assistants, all ballots were mailed to those whose applications had been accepted, so as to afford sufficient time for their return to this office before the Friday noon preceeding the general election, and to be subsequently delivered with the other supplies to their proper election districts to be canvassed with the other ballots on election day.

For the year 1928 there was received by your Board 800 applications for absentee voters ballots of which 782 were accepted and 18 rejected.

GENERAL ELECTION.

The general election was held on November 6th, 1928, and in pursuance to the provisions of the Election Law, this Board caused notice of the general election to be published. Your Board also caused lists of nominations to be published and posted throughout the county as provided by statute.

To properly carry on the general election this office prepared and furnished 25,325 official presidential ballots and 2,675 sample presidential ballots. There was also prepared and furnished 25,325 official and 2,675 sample ballots for general officers, besides which there was also furnished other miscellaneous supplies and equipment for the proper conduct of the general election, and the same was caused to be delivered to the various Town Clerks throughout the county on the Saturday before the general election.

Ballot strips and other necessary supplies for use in equipping the voting machines used throughout the county was also provided by your Board.

The whole work of conducting the general election, furnishing of ballots and other supplies, was carried on by your Board at an expense of $6,224.83.

Your Board subsequently was in attendance at the official canvass by the Board of County Canvassers, who, pursuant to statute met on the 13th day of November, 1928 at 12:00 o'clock noon, and which canvass was completed on the 16th day of November, 1928, at 7:30 P. M. The result of this canvass by the County Board of Canvassers was duly certified by your Board to the Secretary of State. Your Board also forthwith issued its certificates of determination to all county officers determined by the said Canvassing Board to have been elected.

ENROLLMENT OF VOTERS.

The work of compiling the enrollment for the year 1928-1929 was started by your Board on December 10th, 1928, and completed on December 24th, 1928. The printing of the enrollment in pamphlet form by towns and districts is now in the hands of the printer, and will be ready for distribution at the proper time.

The complete tabulation of the enrollment for the year 1928, as made by your Board shows a substantial increase over that of the previous year, and is again the highest total of which your Board has

any record. The total increase for the year 1928 over that of the year 1927 is 3,072.

The result of the tabulation for the year 1928, shows a total enrollment of 29,782, of which there are Republican 20,409; Democratic 9,308 and Socialist 65.

Your Board employed special clerks for this work at an expense of $1,430.00. The printing of the enrollment not being completed, the cost of the same has been estimated by your Board at $2,500.00.

VOTING MACHINES.

No additional towns were equipped with voting machines during the year 1928. We are advised however that the City of Kingston purchased ten additional voting machines to supplement those already in use in said city.

All voting machine districts in the county appeared to function satisfactorily during the last general election, and the canvass of the vote was completed far more speedily than in other districts.

While it is doubtful that the smaller towns of our county can presently adopt voting machines, those larger towns not already using the same, might well give thought to the convenience and efficiency accompanying the use of this modern method of voting.

RECEIPTS.

The receipts of this office for the year 1928, amounted to $13.90, of which amount $2.50 was derived from the sale of copies of the enrolled voters, and the balance of $11.40 from the sale of waste paper. All of the aforesaid moneys were turned over to the County Treasurer and receipts taken therefor.

DISBURSEMENTS.

The year 1928 being a presidential election year, with an additional spring primary, and other expenses attendant thereto, it would necessarily follow that the expense for that year might exceed that of non-presidential years. However, the expense of your Board for the year 1928 appears quite interesting when compared with that of the year previous and that of the year 1924, the last preceeding presidential election year. In this respect, we are pleased to state, that the expense of this Board for the year 1928 was but $49.38 in excess of that for the year 1927, and is over $4,500.00 less than that reported by your Board for the year 1924.

A summary of the expense incurred by this office for the year 1928 is as follows:

Spring Primary Election	$ 2,024.80
Fall Primary Election	1,897.01
Registration	191.77
General Election	6,224.83
Enrollment (estimated)	3,930.00
Extra Clerk Hire	332.50
Total	$ 14,600.91

All of which is respectfully submitted,

J. CHARLES SNYDER,
HARRY D. SLEIGHT,
Commissioners of Election,
Ulster County.

THE REPORT OF THE ULSTER COUNTY TUBERCULOSIS HOSPITAL, FOR THE FISCAL YEAR ENDING NOVEMBER 1st, 1929.

To the Board of Supervisors of Ulster County:

The Ulster County Tuberculosis Hospital completed on November 1st, 1929, its 20th fiscal year with the following officers: Hon. Joseph M. Fowler, President of the Board of Managers, Dr. Mary Gage Day, Dr. Mark O'Meara, Mr. Edward Young, Dr. Raymond S. Crispell, Medical Superintendent of the hospital and ex-officio, Secretary and Treasurer of the Board of Managers.

All things considering, the hospital had a successful year, taking care of a total of 43 cases of tuberculosis.

Patients in the hospital November 1st, 1928	19
Admissions during the year	24
Total under care	43
Transfers to other hospitals	1
Other discharges	14
Deaths	6
Total discharged and died	21
Remaining at close of the year	22

Of the 14 cases discharged from the hospital, 4 were discharged as apparently recovered or arrested; 7 were improved or quiescent; 2 were unimproved; one proved to be non-tubercular.

Of the 43 patients treated during the year, 2 were incipient cases; 11 were moderately advanced cases; 10 were advanced cases. When it is considered how many fell into the two latter groups, the total of only 6 deaths is noteworthy.

During the year a total of 7,485 hospital days were given. Distributed by months as follows:

January	646	July	717
February	561	August	586
March	600	September	580
April	634	October	682
May	614	November	578
June	618	December	639
Total Hospital Days			7,485

The maximum number of hospital days possible would have been 8,030, so that it can be seen that the hospital was running near capacity during the whole year.

The expense of carrying on the hospital by months was as follows:

November	$ 1,375.78
December	1,505.57
January	1,494.55
February	1,553,48
March	1,419.72
April	1,313.26
May	1,812.05
June	1,958.47
July	1,544.96
August	1,422.92
September	1,566.83
October	1,416.34
Total cost of maintenance during the year	$ 18,383.93

This expense was divided as follows:

Salaries and wages	$ 9,223.07
Food, ice and power	6,067.37
Fuel, light and power	1,401.56
Medical and surgical supplies	622.24
Household supplies	333.05
Ordinary repairs	529.84
Other expenses (telephone, insurance, fees)	206.80
	$ 18,383.93

Dividing the total cost of operation by the number of hospital days, gives the cost per hospital day, or cost per day per patient, this was $2.456. This sum compares favorably with 1928 when the cost per hospital day was $2.70, and 1927 when the cost was $2.90.

The cost of maintaining the hospital was greater than the budget of $17,500 allowed by the Board for the fiscal year by $883.93. During the year it was found necessary to install a new drainage system of sewerage disposal which cost the hospital about $450.00. This partly explains this years deficit. There was a total of $1,740.50 collected from pay and part-pay patients. Subtracting this sum from the total maintenance expenses makes $16,643.43 the net operating cost to the County, well within the budget.

Besides the new drainage system the hospital was painted, and a new set of "cure chairs" bought, and other minor improvements made and supplies bought.

Many citizens of the County expressed their interest and sympathies by contributions. The Garden Club of Ulster County continued their custom of furnishing flower boxes filled with flowers for all the window sills. Burgevins again contributed a splendid flower bed. The Kingston City Laboratories continued to do all the laboratory work for the hospital free. Faithful services under adverse conditions were rendered by the hospital staff, and special mention must be made of the efficient services of the head nurse, Miss May Ward. Miss Rose Kress functioned as Occupational Therapist to the hospital.

The need for a new hospital can be seen by an extract from the report of the inspection of the hospital by the State Department of Social Welfare:

"The plant remains as described in previous reports, maintaining its unenviable position as the worst County Tuberculosis Hospital in the State, affording neither facilities for proper treatment nor even ordinary comforts.

Progress on the new plant for which a site was purchased more than two years ago has been disappointingly slow. It is stated that the building plans are completed but no contracts have yet been let. It is impossible to avoid the suspicion that the delay is due largely to the lack of real interest on the part of those responsible.

The present buildings are frame. They are kept clean and the internal administration seems good.

Facilities for laboratory, X-ray and heliotherapy are lacking. A portable X-ray machine was brought to the hospital last fall and most of the patients were X-rayed at that time.

Two day and one night nurse are employed.

The superintendent visits the hospital daily. Records indicate regular examinations.

The dietary appears suitable and the meals properly prepared."

It is to be hoped that a new hospital will be obtained as speedily as possible.

Meanwhile, an appropriation of $18,000 for the ensuing year is requested of the Board of Supervisors.

Respectfully submitted,

RAYMOND S. CRISPELL,
Superintendent of the Ulster
County Tuberculosis Hospital.

REPORT OF COUNTY ATTORNEY ON LINTON PROPERTY.

To the Board of Supervisors of Ulster County:

Gentlemen:

The property of Harry B. Linton, which is described as map No. 5 (r-l) of the Ulster & Delaware, part 2, County Highway 117, has been acquired by the County of Ulster by condemnation proceedings and the

Commissioners of Appraisal have made an award in said case on two different theories, viz., one which contemplates the County of Ulster retaining the title of the land from the retaining wall along the state road in front of said property back to the original taking line, which is a part of the building owned by the claimant, Harry B. Linton, and secondly, on the basis of the County reconveying to the claimant, Harry B. Linton, the area of land between the retaining wall on the state road and the taking line, which takes a portion of the house as above set forth. On the first proposition the Commission has made an award of $7,500.00 and on the second proposition of the County reconveying to Linton the portion of land heretofore described, the Commission has made an award of $6,500.00.

I would recommend that your Honorable Body authorize the Chairman and Clerk of the Board of Supervisors to reconvey to Harry B. Linton, for the nominal consideration of $1.00, the lands embraced between the retaining wall, now built or to be built, and the taking line which extends through the house of said Linton, in accordance with a description to be prepared by the County Superintendent of Highways, and that the County elect to accept the second proposition, which will reduce the damages payable by the sum of $1,000.00 and still leave the County's position unimpaired as to necessary land for highway purposes of the road in question.

All of which is respectfully submitted.

Dated, April 10, 1929.

ROBERT G. GROVES,
County Attorney.

REPORT OF COUNTY ATTORNEY IN REGARD TO "BROADWAY CROSSING ELIMINATION" IN KINGSTON CITY.

To the Honorable, the Board of Supervisors of the County of Ulster:

During the year 1927 and continuing to the present time, there has been pending a proceeding before the Public Service Commission of the State of New York, in reference to the elimination of the existing highway-railroad crossing at grade of the New York Central Railroad Company at Broadway in the City of Kingston, commonly known as the "Broadway Crossing Matter". Several hearings have been held before

the Commission, at which a considerable amount of testimony was taken in reference to the matter of carrying out the proposed elimination. The County of Ulster and City of Kingston have sought to have the elimination accomplished by means of a depression of the railroad tracks, which would leave Broadway and the other streets to the north, affected by the railroad, undisturbed and accomplish the best method of elimination. To this end your Honorable Body and the City of Kingston have passed resolutions appropriating $2,500.00, respectively, to make a study of the cost of eliminating the crossing by means of a depression of the tracks, but no opportunity has been afforded to carry out this study, by reason of the fact that the Public Service Commission has consistently ruled against the making of such a study and submission of plans with estimate of cost.

The order which has been made in the proceeding provides in substance for the elimination of the Broadway crossing by means of the depression of Broadway under the tracks, the tracks being supported by a super-structure, together with high level roadways on each side of Broadway for the accommodation of the properties contiguous to Broadway, together with an underground passage for pedestrians. The carrying out of the provisions of this order will mean that an ugly looking structure will be erected, carrying the tracks of the Railroad Company, together with a depressed street condition which will seriously and adversely retard the promised future growth of this section of the City of Kingston. An application was made for a rehearing of the order in question, which was granted and a rehearing had, at which rehearing the Commission affirmed its previous order and refused to permit the said City and County to make the study which had been requested by them.

The only future course left open to the County and City authorities is that of an appeal to the Appellate Division in this Department to review the proceedings heretofore had, and urging on such appeal that the City and County have been aggrieved by the failure of the Commission to permit the study to be made which has been requested. In my opinion, the Public Service Commission did not give serious consideration to the question of eliminating the crossing by means of a depression of the tracks and has simply brushed it aside on the statement of the New York Central Railroad Company representative that it would be too expensive.

I respectfully make this report to your Honorable Body with the request that you take appropriate action, by resolution or otherwise, and instruct me as to the future action which you desire taken in this matter.

Attached hereto is a copy of the memorandum made by the Public Service Commission in this proceeding.

All of which is respectfully submitted this 8th day of April, 1929.

ROBERT G. GROVES,
County Attorney.

REPORT OF WORK IN THE CHILDREN'S COURT OF ULSTER COUNTY FOR THE YEAR 1928-1929.

December 15, 1929.

To the Board of Supervisors of Ulster County:

Gentlemen:

Permit me to submit the following report of the activities of the Children's Court of Ulster County for the period beginning November 15, 1928 and ending December 1, 1929.

The number and variety of cases brought before this Court have steadily increased from seventy-four formal cases in 1926 to one hundred fifty-four such cases during the past year. The policy of the Children's Court Act, precluding the public hearing of all cases involving charges of delinquency and neglect effecting the welfare of children under sixteen years of age, has been continued. By reason thereof the Court has been afforded the opportunity of serving the community in many ways through cases which would not, otherwise have come to its attention.

It is a source of encouragement and genuine gratification to realize that the improper, unsuitable or bad home conditions of many neglected children have been corrected and that many potential, "bad boys," having been checked at their first step toward delinquency, are developing, under competent and kindly supervision, into boys of whom any community might justifiably feel proud. Thus this Court, freeing these children from the stain of a public record of criminal offenses and deciding each case from the viewpoint of the welfare of the child and of the community, has been afforded an excellent opportunity for the development of good citizenship.

Cases brought before this Court are classified either as formal or informal. The so-called formal cases are those wherein a written com-

plaint or petition is filed or a summons or warrant issued. The informal cases are those which are disposed of by conference or correspondence.

The statistics of the years work follow:

Formal Cases.

There were 154 formal cases presented during the year which involved 210 children of whom 146 were boys and 64 were girls. Of the 146 boys, 89 were charged with delinquency and 57 were neglected, the charge being as follows:

Delinquent Boys. Charge	No. of Boys	Total
Stealing	18	
Truancy	5	
Ungovernable and beyond control	4	
Act of carelessness or mischief	37	
Injury to persons	5	
Unlawful entry	12	
Running away from home	1	
Violation of City Ordinance	3	
Violation of Motor Vehicle Law	4	
		89

Neglected Boys. Charge	No. of Boys	Total
Improper conditions in home	4	
Insufficient parental care	15	
Financial need	34	
Abandoned	2	
Abuse or cruel treatment	2	
		57
Total number of boys involved		146

Of the 64 girls above noted, 18 were delinquent and 46 neglected. The tabulation of the charges being:

Delinquent Girls. Charge	No. of Girls	Total
Stealing	2	
Truancy	7	
Ungovernable and beyond parental control	3	
Running away from home	2	
Moral delinquency	4	
		18

Neglected Girls. Charge	No. of Girls	Total

Financial need	20	
Abandoned	6	
Question of custody	1	
		46
Total number of girls involved		64
Total number of boys involved		146
Total children		210

The analysis of the judgments of this Court in the above-noted cases is as follows:

Disposition of Formal Cases. Judgment	Number of Boys	Girls
Restitution or reparation ordered	11	
Fine imposed or payment of costs ordered	2	
Discharged with a warning	29	5
Placed on probation	14	
Committed to private child placing agency	7	8

Committed to private institution for dependent children	1	
Committed to state institution for delinquent children	8	7
Committed to private institution for delinquent children		2
Committed to institution for feeble-minded	1	
Committed to institution for physically handicapped	4	1
Child returned home	28	11
Continued indefinitely	11	5
Dismissed	7	9
Father ordered to support	19	13
Ordered to report for medical attention	2	3
Referred for criminal prosecution	1	
Totals	146	64

Informal Cases.

During the year there have been a number of complaints against children which have been disposed of summarily. These complaints

most frequently arose from mischief, children annoying older people, using improper language, abuse or attack upon others and annoyance of other children. Ordinarily, in these cases, no summons was issued but the matter disposed of by letter or after a conference with the parents. In such cases when the complaint is of a more serious nature a record is kept for future reference upon the further complaint, if any, against the child.

These cases were 52 in number and involved 24 boys and 15 girls charged with delinquency and 5 boys and 8 girls said to be neglected.

Respectfully submitted,

JOS. M. FOWLER,
Judge of the Children's Court
of Ulster County.

REPORT OF PROBATION OFFICER OF ULSTER COUNTY.

December 4th, 1929.

To the Board of Supervisors of Ulster County:

Herewith is transmitted the report of the Probation Officer of Ulster County.

As is pointed out by the report, the great value of probation is in the fact that it has a marked result in the prevention of wrong doing.

Mr. Service has done the probation work both of County Court and of Children's Court most effectively and many a man and boy has been put upon the road to good citizenship through his efforts.

Respectfully submitted,

JOSEPH M. FOWLER,
County Judge and Judge of
Children's Court.

November 29, 1929.

Hon. Joseph M. Fowler, Judge,
County and Children's Court,
Ulster County, New York.

My dear Judge Fowler:

There was a time when probation was considered a success if it kept the probationer from violating the law during his period of probation, but today our aim is to reach far beyond this standard. A probation officer today is a teacher of good citizenship. The aim is to so adjust the social attitude of the probationer that he may not only commit no infractions of the law but that he may be an asset to the community, a decent self-respecting citizen. There is no one cause of crime and no cure-all has as yet been found for law breaking. Each is an individual case by itself and must be studied and treated as such. The success of probation depends largely upon the relation established between the probationer and society; upon his changed point of view; upon his correct social attitude toward society.

There has been a decided increase this year in the number of parents who have asked for conferences in relation to behaviour cases of their children. This is the most satisfying part of the work as by this method some of these cases are kept from the attention of the court. Justices in the county having concurrent jurisdiction are calling on this office more frequently asking for advice as to the proper treatment of cases of minors. It is especially gratifying to see boys and girls who dislike the discipline of the home or the school change their attitude under the guidance suggested and then graduate from school and voluntarily come back to show their appreciation for what was done for them. The work with the juvenile is that of prevention of anti-social attitude rather than that of cure after the offence has been committed.

Finer cooperation could not be desired than that given by the Sheriff and every man of his staff, also by the city and state police and by the police of the various villages of the county. I also thank you for your understanding and cooperation.

You will find some statistics herewith.

Very truly yours,

REPORT OF COMMITTEE ON TOWN AND COUNTY ACCOUNTS; BOARD OF CHILD WELFARE.

To the Board of Supervisors of Ulster County:

Gentlemen: Your Committee on Town and County Accounts reports as follows:

We have examined the report of the Ulster County Board of Child Welfare for the year ending October 31st, 1929, which was referred to us, and we have determined therefrom that the actual expenses for the relief of widowed mothers and children in the several Towns, and the City of Kingston are as follows:

Town of Esopus	$ 760.00
Town of Kingston	360.00
City of Kingston	4,260.00
Town of Marlborough	1,300.00
Town of New Paltz	240.00
Town of Plattekill	120.00
Town of Rochester	600.00
Town of Rosendale	740.00
Town of Saugerties	2,065.00
Town of Shandaken	855.00
Town of Ulster	715.00
Town of Wawarsing	600.00
Town of Woodstock	780.00
Total	$ 13,395.00

Pursuant to the resolution adopted by the Board of Supervisors of Ulster County, on December 8th, 1920, the amounts expended for the relief of widowed mothers and their children in the several Towns, and the City of Kingston are chargeable against such Towns and the City of Kingston.

We, therefore, recommend that the several amounts above set forth be levied and assessed upon the taxable property of the several Towns and the City of Kingston, as above set forth, and paid to the County Treasurer of Ulster County, to be credited by him to the Fund for the Board of Child Welfare of Ulster County.

In addition to the above, we find that there has been expended during the past year for other expenses of the Board of Child Welfare the sum of $1,140.00.

We, therefore, recommend that there be assessed and levied upon the taxable property of the County of Ulster the sum of $1,600.00, and paid to the County Treasurer of Ulster County, to be by him credited to the Fund for the Board of Child Welfare, and that said Board be authorized to expend from said sum, when raised, the following amounts for the following purposes, to-wit:

For rent of office	$ 600.00
For travel and incidental expenses	1,000.00

We further recommend that there be assessed and levied upon the taxable property of the County of Ulster the sum of $1,000.00, the same when collected to be paid to the County Treasurer of Ulster County, to be by him credited to the Fund for the Board of Child Welfare, to be expended by said Board for the relief of children and their custodians, as provided by Sub-division 9 of Section 153 of the General Municipal Law.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON COUNTY TREASURER AND SEALER.

To the Board of Supervisors, Kingston, N. Y.:

Gentlemen: We have examined the annual report of Herbert E. Thomas, as County Treasurer for the year beginning November 1st, 1928,

and ending October 31st, 1929, and upon comparing same with the books of the County Treasurer's office we find said report to be correct in every respect.

We have also examined the report of the County Treasurer as to the bonded debt of the County and we find same correct with a total bonded debt of only $60,000.00 as of November 1st, 1929.

We recommend that the sum of $40,000.00 be raised and appropriated for the Court and Jury Fund for the coming year;that the sum of $1,858.56 be raised to pay Ulster County's share of the State Employees Retirement Fund for the year ending July 1st, 1929; that $1,000.00 be raised and appropriated for printing the proceedings of this Board of Supervisors for the year 1929; that the sum of $1,000.00 be raised and appropriated for paying bounties on foxes, bob-cats and jack rabbits; and that the further sum of $1,000.00 be raised and appropriated for Soldiers burials and headstones.

We recommend that the sum of $5,300.00 be raised and appropriated to pay General Fund bonds and interest falling due in 1930, and that the further sum of $12,025.00 be raised and appropriated to pay Highway Bonds and interest coming due in 1930; and that the sum of $2,202.75 be raised and appropriated to take care of overdraft in Snow Removal account.

The books of the County Treasurer show that he has received the sum of $12,229.72 being receipts of the County Clerks office, and the further sum of $1,176.50 being receipts of Sheriff's office for transporting prisoners, and we recommend that these two amounts be transferred to salary account of these respective offices to apply on salaries for the coming year.

The books of the County Treasurer's office show credit balances in the following accounts for the amounts mentioned and we recommend that he be empowered and directed to transfer these amounts to the General Fund:

Marriage License Fees	$ 588.00	Fines	$ 600.00
Returned Tax Expenses	2,439.75	R. R. School Taxes	43.20
Retd' School Tax Fees	1,124.88	Revolver Permits	125.50
County Treasurer's Fees Reverting to the County	3,873.29	Real Estate Agents License Fees	139.00

We have examined the bill presented to us and have audited the same as appears by the annexed abstract, each of said claims being a just and legal charge against the County of Ulster to the amount indicated in the column headed "Allowed" and your Committee recommends that said claim be audited and allowed at the amount so indicated on the abstract hereto annexed and made a part hereof.

Whole amount claimed $308.85
Whole amount allowed 308.85

The work of the County Treasurer's office has been greatly increased in the last two years due to the County selling property for unpaid taxes and we commend the careful and business like manner in which the affairs of this important office are conducted by the County Treasurer and his office assistants. The receipts of the office for the past year were about $2,750,000.00 as compared to only about $500,000.00 a dozen years ago.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON SUPERINTENDENT OF THE POOR.

To the Board of Supervisors of Ulster County:

Gentlemen: Your Committee on the Accounts of the Superintendent of the Poor of Ulster County reports as follows:

We have examined the accounts and vouchers, and the annual report of Lester L. Sagendorf, Superintendent of the Poor, whch were referred to us, for the current year, and have found them correct in every particular, and they are filed herewith and form a part of this report.

Your Committee further reports that they have visited the County Poor House and Farm at different times, and always found the same in each and every department in the best possible condition.

We find that the cost of maintenance to the several Towns of the County for the past year, as apportioned by the County Superintendent of the Poor, was as follows:

Denning	Nothing	Plattekill	$ 248.00
Esopus	$ 220.80	Rochester	166.20
Gardiner	239.20	Rosendale	306.60
Hardenbergh	219.00	Saugerties	519.80
Hurley	122.00	Shandaken	89.20
Kingston	Nothing	Shawangunk	64.00
Lloyd	324.60	Ulster	397.80
Marbletown	741.00	Wawarsing	460.60
Marlborough	538.20	Woodstock	79.20
New Paltz	302.00	County outside of City	430.00
Olive	18.00		
Total			$5,486.20

We, therefore, recommend that said amounts be assessed and levied upon the taxable property of the several Towns, and the County of Ulster, outside of the City of Kingston, as above set forth.

We further recommend that there be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, for the ensuing year, the following amounts:

For support of County paupers, upkeep of building, and salaries at County Farm and Hospital	$ 15,000.00
For repairs and improvements	2,500.00

We find from the report of the County Superintendent of the Poor that there has been expended during the past year for the care and maintenance of children in the Industrial Home, and in Boarding Homes on behalf of the several Towns of the County, and the County at large, the following amounts, to-wit:

Esopus	$ 78.58	Rosendale	$ 285.00
Gardiner	58.04	Saugerties	315.98
Lloyd	955.93	Shandaken	474.94
Marbletown	224.00	Shawangunk	786.34
Marlborough	483.19	Wawarsing	2,027.50
New Paltz	348.04	County of Ulster	289.74
Rochester	1,097.45		
Total			$7,424.73

With a debit balance of $1,163.72.

We, therefore, recommend that the several amounts above set forth, together with the additional sum of $1,575.27 be assessed and levied upon the several Towns and the County of Ulster, outside of the City of Kingston, and paid to the County Treasurer of Ulster County, to be by him placed to the credit of the Superintendent of the Poor Accounts, to pay bills of the Industrial Home of Kingston, and Boarding Homes during the coming year.

Your Committee further reports that we have examined all claims and accounts of the various asylums, hospitals, and institutions presented against the County of Ulster, the several Towns and the City of Kingston, for the year 1929, and find the amount due such institutions, as appears by the annexed abstract, to be the sum of $3,725.16; that we have examined all other accounts presented against the County of Ulster, the several Towns, and the City of Kingston, which are set forth in the annexed abstract; that each of said claims, in the opinion of your Committee, is a just and legal charge against the County of Ulster, the several Towns, and the City of Kingston to the amount indicated in the column headed "Allowed," and your Committee, therefore, recommends that each of said claims be audited at the amounts so indicated on said abstract hereto annexed and made a part hereof.

Which sum of $3,725.16 should be apportioned and levied as follows:

On the Town of Esopus	$ 37.40
On the Town of Gardiner	60.80
On the City of Kingston	669.58
On the Town of Lloyd	810.76

On the Town of Saugerties	1,612.59
On the Town of Shawangunk	51.00
On the Town of Ulster	32.85
Total	$3,725.16

Your Committee recommends, that the County Superintendent of the Poor be empowered to contract with the Industrial Home of Kingston, N. Y., for the coming year, and that there be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, the sum of $1,575.27 to pay bills for the ensuing year presented by the Industrial Home of Kingston, N. Y., pursuant to contract, and to pay bills of Boardng Homes, which amount, together with the amounts herein-

before assessed upon the various Towns and the County of Ulster, outside of the City of Kingston, will be sufficient for the purpose; that the sum of $3,725.16 be assessed and levied upon the taxable property of the City of Kingston and the various Towns of the County set forth for the payment of the bills set forth in the abstract hereunto annexed; that the said sum of $5,486.20 be assessed and levied upon the taxable property of the various Towns of the County and the County of Ulster, outside of the City of Kingston, in accordance with the apportionment hereinbefore set forth for the cost of maintenance of the paupers of the several Towns and the County; and that the sum of $17,500.00 be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, for the maintenance of the County Poor House and Farm.

All of which is respectfully submitted.

NEW PALTZ.

Settled in the year 1677. Twelve persons purchased of the Esopus Indians a tract of land twelve miles square, for which they obtained a patent during the administration of Governor Andros. These persons were the Twelve Patentees, and they and their successors in office, duly elected by their descendants exercised the functions of officials in all public matters until about the year 1751. These officials were sometimes called "The Dazine," or "Twelve Men," and were annually elected for a long period after the first regular election of town officers. The original patentees were Lewis DuBois, Christian Deyo, Abraham Hasbroucq, Andries Lefever, Jean Brocq, Pierie Deyo, Lawrence Beverie, Anthony Crespel, Abraham DuBois, Hugo Frere, Isaac DuBois and Simon Lefever. The first record of the election of town officers dates in the year 1751. A part of Hurley was annexed February 2, 1809.
